

UPDATED 30 APRIL 2021

SCIENTIFIC JOURNALS

1. Romano E., Bergamin L., Di Bella L., Frezza V., Pierfranceschi G., Marassich A., Provenzani C., 2021. Benthic foraminifera as environmental indicators in extreme environments: the marine cave of Bue Marino (Sardinia, Italy). *Ecological Indicators*, 120, 106977. doi: 10.1016/j.ecolind.2020.106977 - IF 4.800
2. Paglia G., Bergamin L., Buccolini M., Carabella C., Cerrone F., Chiocci F.L., d'Arielli R., Esposito G., Esposito G., Federico D., Mancinelli V., Marassich A., Mazzetti M., Mecacci S., Nolè C., Piattelli V., Romano E., Salvati E., Miccadei E., 2021. 1st Summer School on Geomorphology, Ecology, and Marine Biology. A multidisciplinary approach to the study of insular environments. *Journal of Maps*, 16, 3, 1-9. doi: 10.1080/17445647.2020.1776645 - IF 1.870
3. Bergamin L., Taddei Ruggiero E., Pierfranceschi G., Andres B., Armiento G., Costantino R., Crovato C., D'Ambrosi A., Marassich A., Romano E., 2020. Integrated environmental study in the CT 12 marine cave of eastern Spanish coast through benthic fauna and sediment textures. *Mediterranean Marine Science*, 21 (3), 506-518. doi: 10.12681/mms.23482 - IF 1.810
4. Romano E., Bergamin L., Di Bella L., Frezza V., Marassich A., Pierfranceschi G., Provenzani C., 2020. Benthic foraminifera as proxies of marine influence in the Orosei marine caves (Sardinia, Italy). *Aquatic Conservation: Marine and Freshwater Ecosystems*, 30, 701-716 - IF 3.091
5. Bergamin L., Marassich A., Provenzani C., Romano E., 2018. Foraminiferal ecozones in two submarine caves in the Orosei Gulf (Sardinia, Italy). *Rendiconti Lincei*, 29 (3), 547-557 - IF 0.789
6. Romano E.*, Bergamin L., Pierfranceschi G., Provenzani C., Marassich A., 2018. The distribution of benthic foraminifera in Bel Torrente submarine cave (Sardinia, Italy) and their environmental significance. *Marine Environmental Research*, 133, 114-127 - IF 3.42

1. Romano E., Bergamin L., Marassich A., Provenzani C., 2021. Variabilità ambientale in ambiente marino: indicazioni dai foraminiferi bentonici in grotte marine. 4° Convegno dei geologi marini italiani - La geologia marina in Italia, 25-26 febbraio 2021
2. Gualtieri S., Romano E., 2019. Phreatic Project: ricerca scientifica, divulgazione, conservazione e esplorazione nelle grotte del Golfo di Orosei. Convegno internazionale di speleologia. Lettomanoppello (PE), 31 ottobre – 3 novembre 2019.
3. Romano E., Bergamin L., Pierfranceschi G., Taddei Ruggiero E., Andres B., Constantino R., Marassich A., 2019. Benthic fauna in a submarine cave of the Spanish coast: preliminary results. 5th European Conference on Scientific Diving. Sopot (Poland), 24-27 April 2019.
4. Romano E., Bergamin L., Di Bella L., Frezza V., Marassich A., Provenzani C., 2018. Benthic foraminifera as proxies of environmental variability in the Orosei submarine cave system (Sardinia, Italy). FORAMS 2018. Edinburgh (UK), 17-22 June 2018: 144 (POSTER)
5. Romano E., Bergamin L., Marassich A., Mo G., Provenzani C., 2018. Scientific diving for the study of Mediterranean cave environments: from protists to mammals. 4th European Conference on “Scientific Diving”. Orkney islands (UK), 9-12 April 2018.
6. Bergamin L., Marassich A., Provenzani C., Romano E., 2017. Foraminiferal ecozones in two submarine caves in the Orosei Gulf (Sardinia, Italy). Accademia dei Lincei – XXX Giornata dell’Ambiente. Convegno “Cambiamenti e crisi nel Mediterraneo”. Roma, 17 Ottobre 2017.
7. Romano E., Bergamin L., Pierfranceschi G., Berto D., Provenzani C., Marassich A., 2015. The environmental characterization in Bue Marino cave (Sardinia, Italy) using benthic foraminifera. International Congress “GeoSUB – Underwater geology”. Trieste, 13-14 October 2015.
8. Mo G., Provenzani C., Marassich A., Romano E., 2015. Characterization of Mediterranean monk seal (*Monachus monachus*) bones in Bel Torrente cave (Sardinia, Italy). International Congress “GeoSUB – Underwater geology”. Trieste, 13-14 October 2015.
9. Bergamin L., Romano E., Celia Magno M., Berto D., Provenzani C., Marassich A., 2015. The environmental characterization in Bue Marino cave (Sardinia, Italy) using benthic foraminifera. International Congress “GeoSUB – Underwater geology”. Trieste, 13-14 October 2015.
